Subject: Officiating Clinic Registration Instructions

Good Afternoon,

With clinics fast approaching, I wanted to share instructions on how to register for this season.

1. Complete the prerequisite course

- Visit the Hockey Manitoba website → **Officials → Clinics**.
- Register for the prerequisite that matches the level you are taking this year.
- After registering, log into your **HCR Sportle account**. In the calendar or events section, you will see “**Clinic Modules**.”
- Be sure to fully complete the modules, exam, and survey.

2. Register for a Hockey Manitoba clinic

- Once your prerequisite is completed, you will then be able to register for a Hockey Manitoba clinic.
- Go back to the Hockey Manitoba website → **Officials → Clinics** and scroll down to see the clinic options.
- Please note: the clinic must align with the prerequisite you completed.

Once both the prerequisite and clinic are completed, you will be certified for the 2025/2026 season.

Best regards,

TYLER WIWCHAR
